

Privredni Vjesnik / PV International

Privredni Vjesnik has provided us details of their website at <http://www.privredni.hr/pvint> which provides interesting news on the economy in Croatia on a weekly basis, free of charge.

Privredni Vjesnik has a tradition over 50 years of supplying economic data to organisations, ministries and government in Croatia and is wholly owned by the Croatian Chamber of Economy.

A separate link is titled 'Croatian Business & Finance Weekly' on our website under 'Related Organisations' for quick access.

I hope you find the reading useful and interesting which should prove to be a regular up to date source of information for readers interested in current issues in the Croatian economy.

Regards,

Rob Soda
President – ACCCI-SA.
